

GRAND JUNCTION LIONS CLUB

Newsletter—January 2010

Lions,
It is time! Carnival is here. First let me thank everyone who has worked so hard to get us to this point. The Carnival and Prize Committee have done a great job. The Prize Committee has shown us that even during tough economic times it is possible to have a successful fund raising event. The goal for this year is "\$200,100 in 2010."

As I have said before if everyone beats their previous sales record we will achieve this goal. We have a lot of great new members who have never been through Carnival before. To these members please know that you are a vital part if we are to have a successful 2010 Carnival. Every ticket sale counts. We WILL raise \$200,100. To members who have been in Club a long time, you know how important your sales are to us achieving our goals. Thank you for all your past hard work and your help is needed now more than ever. If you are not currently on a committee and want to help with Carnival please call one of the committee chairs listed on this newsletter.

To all members you can access the directory at any time at www.gjions.com. If you are new and your information is not in there and you need to get set up email Chuck Pabst at chuck@thriftycolorado.com. If you have lost your password or need help accessing the site please email Chuck.

Finally remember Carnival is what makes us be able to "Do the most good while having the most fun." Thank you all for being Lions and I look forward to a great Carnival season.

Thank you, *Lion President Josh Aubert*
